

# THE BELLE GLADE HERALD

"VOICE OF THE GLADES"

VOLUME 39 - NUMBER 46

THURSDAY, SEPTEMBER 22, 1977

15 Cents

WILLIAM RAY SULLIVAN is sworn in as a South Bay City Commissioner Tuesday night by South Bay City Clerk Virginia Walker as outgoing Commissioner Jay Smith, who Sullivan replaces on the board, watches. Smith commented when he stepped down a

few moments later that he ran for the office two years ago, "I figured I had too many friends and I wanted to lose about half of them. I think I did that." Then he went on to wish the remaining commissioners luck in the coming year.

## PREP System gets personal

BELLE GLADE—Radio communications is something Police Chief Bill Mathis definitely wants to get personal about.

One of Mathis' first proposals after being named chief recently is to change over the city police communications system from one featuring the traditional car radios to one where every patrolman carries his own personal radio anywhere he goes.

The PREP (Portable Radio Equipped Personnel) system, according to City Manager Robert Sanders when he presented the idea to the city commission during a workshop session Monday, would solve one of the major complaints by patrolmen.

Sanders said the officers feel virtually defenseless when they are required to leave their cars and enter some of the bars as a course of their duty because they're cut off from any possibility of calling for help.

The police department does have a number of walkie talkies but patrolmen aren't normally equipped with them and they tie up one of the officer's hands when

he needs to use them.

The PREP radios are worn in two units, with the radio itself being in a belt holster and a microphone attached to the officer's shoulder.

"The officer can use either hand to key the mike," Mathis said, "without having to take the radio out of its holster. And there's no chance of someone grabbing the radio or the officer dropping it because both units are attached to his clothing."

Mathis said the PREP system was used in a pilot project about seven years ago by the Orlando Police Department and it's something he has been interested in for some time.

He said the PREP system would completely replace the car radios now in use by the department. One benefit the department will realize is the cost of the units. Each of the PREP units is priced at \$892 while the car radios are priced about \$1,200.

Mathis said he wants to buy 12 units to begin with, one for each patrolman, one for the sergeant, one for the shift leader, one for the ID bureau, one for the detective bureau, one for the Tactical Unit and one for the Sigraphy Unit.

One of the shortcomings of the system, Mathis noted, is the short range of the transmitters but he said that is overcome by the use of a repeater station which was part of the \$17,013 overall proposal he made to Sanders.

The city commissioners decided during Monday's work shop session to bring the matter up again with Mathis present during the Oct. 10 regular meeting.

## Ed Duda is named president

BELLE GLADE—Edward D. Duda of 1024 E. Canal St. South was named earlier this month president of A. Duda and Sons according to an announcement this week by the family farming corporation.

The promotion, which will result in Duda and his family moving from Belle Glade to corporate headquarters in Oviedo in about a year's time, is tied up in the establishment of a five-man "president's office" established

which followed the BPAC's monthly meeting, nominated Commissioner Tom Altman's his replacement.

Altman, who has attended a number of the JAC meetings, was unanimously elected by the commissioners present at the special session.

Grear was appointed to the Solid Waste Authority, at the express recommendation of the BPAC and the city commission, to replace Commissioner Kenneth Harris. It was also at the express request of the other members of the BPAC that Grear be named Harris' replacement on the BPAC.

Grear was welcomed to the BPAC by Chairman Bill Bailey, who represents the County Commission, at the same time Bailey offered condolences to Commissioner Aubrey Farmer, who last week was defeated in his bid for re-election to his eighth term in office.

Farmer told the other members of the BPAC he was sitting in his last meeting with them and, during a city commission special session

his appointment was more than two months late, the happening was not to be explained by the Palm Beach County Legislative Delegation with the recommendation of the Palm Beach County League of Municipalities.

see DUDA P7

## Altman, Grear go on waste committee

## Joint project may bring first outside aid for city

BELLE GLADE—A joint project to find out whether effluent from the city's sewage treatment plant can be disposed of by spraying it over agricultural land may get underway within the next year and a half on land now used as pasture by Glades Correctional Institution (GCI).

The City Commissioner agreed Monday to a request by Charles Anderson, a partner in the city's

consulting engineering firm of Barker, Usha and Anderson to invest \$2,500 to get the study off the ground.

Anderson said other participants in the project will be the county and the South Florida Water Management District, each putting up \$2,500 to help start the study. To round out the \$10,000 needed, Anderson said he intends

to approach area sugar cane growers who could also benefit.

The engineer said, however, the \$10,000 is only meant to start the study, that the final cost may run more than \$300,000. He said he is going to try to get a grant from the Department of Environmental Regulation (DER) to pay for the study itself.

This study, if the grant comes through, will mark the first time Belle Glade has ever received federal or state assistance to solve sewage or water problems.

"There is plenty of data available on irrigation of mineral soil (sand)," Anderson said, "but we don't know anything about irrigating muck soil with effluent because nothing has been done."

Because the results of the study could benefit a number of other Florida cities, Anderson said he believes the DER will go along with the request for a grant.

The study would be accomplished by scientists at the University of Florida Agricultural Research and Education Center (AREC) on approximately 480 acres of pasture land immediately north of the Belle Glade Airport.

The land is now being used to pasture cattle by GCI and Anderson said there would be no interruption of that use.

City Commissioner Aubrey Farmer, who is also a foreman with the South Florida Conservancy District, said a lateral drainage canal which runs through the pasture would have to be closed off.

Anderson emphasized there is no guarantee the method will be found effective. He said the problem is that no one really knows whether muck soil will absorb the effluent and effectively filter out the nitrates and pathogenic bacteria.

Anderson also agreed with Farmer there would have to be provisions made for storing effluent in times of heavy rains when the soil won't absorb the effluent.

In other studies, done on mineral soils, the process works largely because crops being grown take up the nitrates. Because muck soil is already rich in nitrogen, Anderson said he wasn't sure what effect that would have.

see CHARTER P7

## Junior Women give vision screening tests

BELLE GLADE—Visual screening tests are being conducted for the third consecutive year in area private schools by members of the Belle Glade Junior Woman's Club.

"Our testing is limited to the five-year-old kindergarten, first and second graders at private schools," Project Chairman Charla Sizemore said, "because public schools provide testing for their students by the end of first grade."

For the first time, the Juniors are using a visual screening machine, loaned free of charge to the service club by the Glades County Optometric Auxiliary.

"Club members and friends of the club who are helping with this test received an orientation from local optometrist Dr. Don Flehs," Mrs. Sizemore said. "The testing machine was obtained for our use with his help."

"The machine is expected to speed up the process of testing for visual acuity, which is the ability to see clearly," she said.

The Juniors also test children for eye muscle balance, suppression (determining if both eyes function simultaneously) and stereopsis, which is depth perception.

Mrs. Sizemore emphasized that, "the screen test is not a complete eye examination. Parents of children tested will receive a form indicating a 'pass' or 'fail' mark for each of the tests mentioned, but our testing is not conclusive so we strongly recommend a professional eye examination."

"In previous years," she said, "we have found as many as eight percent of the kids we tested failed. This does not compare well with a national failure rate of three to five percent."

"Our purpose," she went on, "is to discover those visual problems which may be interfering with school success. Early detection and treatment can change a child's whole outlook about school, for a child who is having difficulty seeing the board or seeing close-up work cannot do well in school."

The Juniors tested at Lutheran Day School Monday, and at Glades Day School Tuesday and Wednesday. They will be at the Methodist

Kindergarten Friday, Christian Day School on the 26th, 27th and 28th and at Glades Day School in Pahokee on Sept. 29.

PAMELA CARDIN, one of the first graders at Glades Day School, receives one of a series of visual screening tests by Project Chairman Charla Sizemore.

# Belle Glade Cubans protest Carter policy

**BELLE GLADE** — A group of approximately 50 Belle Glade area Cubans took time off Monday, as did Cubans all over South Florida, to present a petition with more than 100 signatures protesting recognition of the Fidel Castro regime in Cuba to City Manager Robert Sanders.

Speakers Enrique Moleno and Oscar Toledo told Sanders they will continue to get signatures to

the petition and made a formal presentation to the city commission during the Sept. 26 regular commission meeting.

The letter says the petitioners, "wish to record our strong disapproval of the recognition policies pursued by the present Administration towards the illegal rulers of Cuba."

"We know," it goes on, "that we

live in a Country where public leaders, statesmen, politicians and members of the press are at all times endeavoring to enlarge human freedom and make sure more and more people enjoy more and more rights."

"It is sad whenever it happens," the letter writer said, "but when it happens next door to the United States, when the despotic rulers dealing harshly with the people friendly to the United States are deploying their arms almost in view of this Country, and openly avow their purpose to bring violent destruction to all of the Western Hemisphere, we think it downright folly to offer them the full privileges of friendship until such time as they prove themselves friendly and signal their good intentions by freeing their political prisoners and allowing the people of Cuba a measure of civil rights. Until then, the U.S. will gain nothing by courting the goodwill of the oppressors, thereby earning the ill-will of the oppressed majority of Cubans."

"We respectfully request," Moleno said, "that you forward our protest to Governor Askew and to President Carter."

"Moleno said Cubans all over South Florida were moving Monday to express similar views to local governmental officials at various levels. He said it wasn't organized by any particular group and that the demonstrations were spontaneous."

Toledo said he and his friends had been gathering signatures for the petition only for a few hours before delivering it to Sanders but by the time the group delivers it to the city commission they could have several hundred signatures.

## Woman files suit against Belle Glade

**BELLE GLADE** — A local woman arrested on Mar. 19 for possession of drugs has sued the City of Belle Glade and five police officers for a total of \$4.5 million, according to Frank Kreidler, a local attorney acting in her behalf.

According to the complaint, which Kreidler said has been filed in the Southern District of Florida U.S. District Court under Judge Charles Fulton, is on behalf of Odessa Gibson, 19, of 725 S.W. Ave. C Place.

The defendants in the three-count complaint, besides the city, are Sgt. Larry Thompson, Detective J. R. Eberle, Sgt. Leroy Carrigan and Patrolmen Ron Shunk and Dale Fortney.

Miss Gibson's complaint alleges the officer conspired to violate her rights, privileges and immunities "secured" by the United States Constitution and laws...without probable cause to believe (she) had violated any law of the State of Florida or the United States."

## Consolidation of Rotenberger closer

**TALLAHASSEE** — A goal to consolidate state holdings in the Rotenberger Township, which lies 18 miles south of Lake Okeechobee, moved a step nearer Tuesday, Sept. 6, with approval from the Governor and Cabinet to accept a land exchange offered in a bid by Gulf & Western Industries, Inc.

The firm offered to exchange 3,765 acres in the township valued at \$2,138,983 for 3,282 acres of state property appraised at \$2,132,000.

Harold Shields, executive director of the Department of Natural Resources, said he will be pleased with the exchange. "Our goal is to swap all the scattered and separate parcels of property in the Everglades Agricultural Area until the state owns two townships

that are side by side — the Rotenberger Tract and the Holey Land, which the state already owns," he stated.

Shields said when the exchange with Gulf & Western is completed, the state will own 69 percent of the township or 15,894 acres out of 23,040 acres comprising the 36-square-mile tract.

Of the four bids received by the Department for the land swamp, only the bid from Gulf & Western complied with specifications.

Rotenberger Township consists of unimproved Everglades land noted for its wildlife. When acquired by the state, the tract will be leased as a wildlife management area to the Game and Fresh Water Fish Commission.

## Man involved in shooting arrested

**BELLE GLADE** — A man involved in the accidental shooting of a 15-year-old bystander last Wednesday was arrested Saturday in Jacksonville and charged with resisting arrest by violence and escape.

It was during the attempted apprehension of Andy Jill McKinley, 22, at the Little Harlem Bar at 517.5 W. Ave. B. Place that Johnny L. Davis, 15, of 564 S.W. Ave. E was struck in the back by a bullet that apparently ricocheted off the wall of a nearby building.

Belle Glade Police Sgt. Larry Thompson and Patrolman Claude Goshay said they recognized McKinley as being wanted in New Jersey in connection with drugs and weapons charges.

According to the report by Detective Sgt. Harry Driggers of the Palm Beach County Sheriff's Office, who is handling the investigation, Thompson and Cosby saw McKinley enter the Little Harlem and followed him inside to make the arrest.

McKinley reportedly resisted the arrest by the two officers and they were only able to get a handcuff on one wrist as they wrestled him out the door and onto the street, where McKinley made a break and ran into a nearby alley.

As McKinley made his break, Cosby reported he fired a shot in front of the fleeing man to head him off. The bullet apparently ricocheted off a wall of the alley and struck Davis in the back.

Davis, who was with a companion at the time, was admitted to Glades General Hospital. He was discharged Tuesday morning.

Four days after the incident, McKinley was arrested in Jacksonville and was returned Sunday to Belle Glade by Driggers and Belle Glade Detective T. M. Corderman.

Police Chief Bill Mathis said last week that the time a police officer is involved in a shooting, the matter is investigated by the Sheriff's Office.

Wright who was driving the car, a blue Plymouth Fury, was charged with reckless driving. Both occupants received facial injuries and were taken to Everglades Memorial Hospital for treatment.

## Rotary program is investing

**BELLE GLADE** — When Merrill Lynch spoke, the Belle Glade Rotary Club listened.

At the Monday luncheon meeting, two Merrill Lynch representatives, Gary Hanson and Jim Mallamo, told the local Rotarians how it is possible to hedge against inflation and taxes by investing in stocks and other programs.

Hanson said because of inflation and taxation, certificates of deposit could not keep pace and money invested in certificates was actually losing ground.

He said many people still invest in them because their money is 100 percent safe and available when needed.

Alrvan told the Rotarians his company has programs in which money is as safe but which keeps pace with the economy. One of these investments is in annuities, in which \$10,000 invested for ten years will wind up being \$20,000. And it's all tax free, according to Alrvan.

The other investment he discussed was selling options on stocks, which often yields a higher rate of return than selling outright.

Merrill Lynch is the largest investment firm in the world with the closest office located in West Palm Beach. In that office, there

are 28 account executives. Hanson said South Florida tends to invest "conservatively" but said his company has programs for this type of investment. He said he was in the Glades to meet with people and would like the opportunity to make studies on an individual basis for those who may be interested in investments.

In other Rotary business, Fred Simmons inducted B. F. (Biff) Lampert into the club. Lampert was sponsored by Bob White.

## East Lake open house

**PAHOKEE** — East Lake Middle School will have an open house Tuesday, September 27th from 7 p.m. until 8:30 p.m. in the school library.

Everyone is invited to come out and meet the school staff. Refreshments will be served.

East Lake has several new members of the staff this year. Mrs. Eugenia Jones is the new school guidance counselor and new teachers include Ms. Joan Ever-son, Mrs. Bettie Waddington and Mr. William Tedesco.

## YOU CAN RIPEN CANE FASTER BY APPLYING POLARIS® RIGHT NOW.

Poor natural ripening conditions are the biggest obstacles a grower faces at harvest time. High, constant temperatures, excess moisture, excess fertilizer intake — these and other conditions tend to sustain growth and delay ripening.

Polaris® plant growth regulator by Monsanto helps overcome these poor ripening conditions by artificially shifting the cane out of the

growth phase and into a ripening phase. In this way, Polaris can "induce" the cane into ripening earlier than it would under these natural conditions.

Not only will Polaris enable a cane grower to better regulate harvests, but it will also help him realize more sucrose from his cane. Many growers are reporting sucrose improvements with Polaris ranging from 6% to 14% over untreated checks.

This season, let Polaris help you open your mill sooner and get more sucrose.

See your agricultural chemical distributor,

local county extension agent, or call

N. F. Eason at (813) 481-1337 for more

information about Polaris plant growth regulator by Monsanto.

## SO-4 James Pilcher weds Gabriel Schur

**IDA-OBERSTEIN, GERMANY** James T. Pilcher, son of Mrs. Janie Key, former Pahokee resident, now living in N. Augusta, S.C. and Mr. James Pilcher of Panama City, Fla., was married in a German and American ceremony to Gabriel Schur, daughter of Mrs. Shur, Ida-Oberstein, Germany.

E-8 Harry West and his wife Chris served as Best Man and Matron of Honor. The bride was given in marriage by E-8 Tony Thorburn, brother-in-law of the bride.

The groom is a former graduate of Pahokee High School. The couple is planning a vacation home in December.

## Mrs. Ringland to wed

**BELLE GLADE** - Mrs. Betty Ringland, of Belle Glade, and Ronald J. Kroesen, of Miami, announced this week their approaching marriage.

It will take place at 6 p.m. Friday, Sept. 30 at St. John's

Episcopal Church in Belle Glade. No local invitations will be sent, but all friends of the couple are cordially invited to attend the ceremony and the reception that will follow at Ringland Hall.

The Rev. Joseph Schley will perform the ceremony.

## United Methodist Women hold first fall meeting

**BELLE GLADE** - The United Methodist women held their first meeting of the fall season Sunday afternoon in the United Community Methodist Church parlor.

The meeting was opened by President Doris Carter. Devotions were given by Mrs. Karen Corbin, taken from Psalms "Sing Praises to God" followed by the introduction of Mrs. Ray Steadman, who

gave a program of varied songs accompanied by Mrs. Karen Corbin.

The music ranged from the classical, to selected songs from top musicals and concluded with beautiful Gospel Hymns by Bill Gaither.

After the program, refreshments were served to members and guests by Mrs. Bill Burr and Mrs. Karen Corbin.

## Mu Upsilon to hold beginning day luncheon

**BELLE GLADE** - Mu Upsilon held their "Beginning Day Luncheon" Wednesday, Aug. 31 at the home of Dorinda Shutt, president.

Members enjoyed a lovely cold buffet, along with punch and a fresh fruit bowl.

The theme "Light Another Torch" was carried out.

After lunch, a short business meeting was held. Plans for the coming year were discussed and approved.

Ways and Means chairman,

Carol Zumpf, reminded members about the upcoming "Country Craft Fair", to be held on Nov. 5 at Jameson Hall.

The meeting was adjourned and members discussed summer socials and vacations.

Members in attendance were Davene Bailey, Carol Zumpf, Sharon Coursen, Lindsay Parrish, Janet Martz, Marsha Oren, Louise Culpepper, Karen Pierson and hostess, Dorinda Shutt.

## Mu Upsilon reports very busy summer

**BELLE GLADE** - Mu Upsilon had a busy summer, between vacations and socials.

The summer socials began with a steak cook-out "Light My Fire" at the home of the Laura Courtson's.

Student has

4.0 average  
for summer

**PAHOKEE** - Michael Seldes, son of Mr. and Mrs. Frank Seldes of Pahokee who graduated with the Pahokee High School class of '77, has already completed one quarter of college at the University of Florida with a 4.0 average. Michael is undecided on a major at this time.

## Obituary

### GLENN A. ANDREWS

**CANAL POINT** - Glenn A. Andrews, age 83 of 123 2nd St., Canal Point, died Tuesday, September 13th at Community Hospital of the Palm Beaches.

A native of Ozark, Alabama, he was a resident of Canal Point since 1936. Veteran of World War I and retired water plant operator.

Survivors include one son, Dennis Andrews of Lake Worth; one daughter, Mrs. Elinor Hinson of Canal Point; seven grandchildren and one great grandchild.

Services were held Thursday, September 15th at 2:00 p.m. at the Wetherington Funeral Home Chapel with Rev. Bill Cowan officiating.

Interment was at Pinecrest Cemetery, Lake Worth. Pallbearers were E.R. Miller, Rubin Barfield, J.S. Atkins, Arnold Hughes, Harlan Sears and Buddy Hinson.

Wetherington Funeral Home, Pahokee was in charge of the arrangements.

In July members enjoyed "Fire Boy", this was a bowling party and pizza afterwards at the Michael Zumpf's.

Summer ended and the new year started with "Beginning Day Luncheon" on Wednesday, Aug. 31.

Members are looking forward to a very good year.

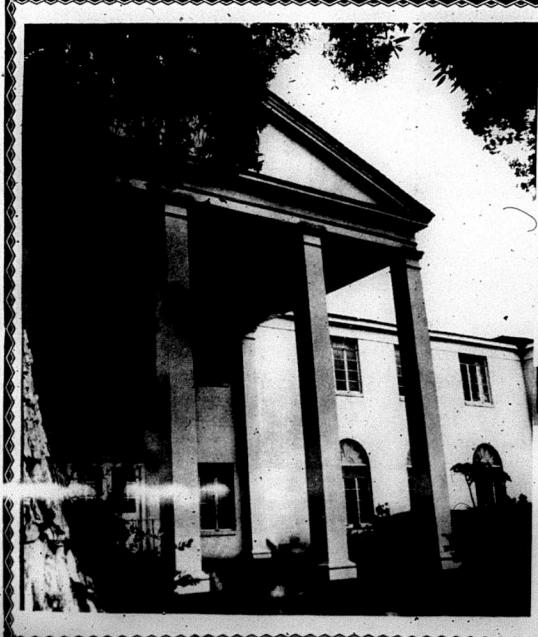

## Miss Allen makes Dean's List

**PAHOKEE** - Cynthia L. Allen, daughter of Mrs. Mamie Lou Washington of 424 Sabal Court, Pahokee, completed her summer quarter at Florida State University by making the Dean's List.

Approximately 588 students at F.S.U. made the Dean's List, which is an honor roll of students whose grade averages are "B" or "A" for all courses taken during the quarter.

**PAHOKEE** - Vickie McWilliams, daughter of Lt. and Mrs. Charles McWilliams, recently graduated with honors from the University of Florida where she majored in accounting.

Vickie is a former resident of Pahokee and is the granddaughter of Mrs. Lola Ryals Carter of Pahokee.

## Scout officials meet to discuss year's plans

**BELLE GLADE** - Scout officials met Tuesday night at the Gladview Elementary School from throughout the Glades District of the Gulf Stream Council to discuss plans for the upcoming year.

Tom Pearson chaired the meeting, which was attended by representatives from Moore Haven, Clewiston, South Bay, and Belle Glade.

Among the items discussed was a Scout Roundup, membership drive, the Council Camporee, and an adult session was conducted by Tommy Fletcher, district executive.

Membership in Cub Scouts is for boys eight years old and membership in Scouts is for boys 11 years old and in the sixth grade. For more information, call 996-6195.

## Randy Wilson moves here to manage Inn

**SOUTH BAY** - Days Inn received a new manager recently as Randy Wilson took over management for the South Bay branch.

Wilson, a native of Lincoln, Nebraska, came to Florida by way of the Air Force. Wilson graduated from Lincoln Northeast High School in 1968, and then he attended the University of Nebraska for one year and left school to work for Burlington Northern Inc., railroad from 1968 through 1971. In 1971 he enlisted in the Air Force and was stationed at McCall Air Force Base.

While in service, Wilson received his Associate in Arts degree from Hillsboro College.

Wilson likes Florida so well, that he took a job at Tampa at the Holiday Inn where eventually he became night manager.

After over a year at the Holiday Inn, Wilson moved his family, wife Lynette, and son Kelly, 8 1/2, to the

Glades area, so he could manage the Days Inn motel.

Wilson

## CARD OF THANKS

Dear Friends,

The family of Ruth Dobrow wishes to thank you for all the gifts of love you extended to her. Your cards, visits, flowers, food and prayers were a great comfort to her and to us.

You kind expressions of sympathy will always be remembered, and we are sincerely grateful.

The Gold-Dobrow Family.

Anyone interested in taking the exam should call Counsellor Freddie Harrell at 996-3055 for details.

## Club given conservation report

PAHOKEE - The annual dinner meeting of the Pahokee Garden Club was held Tuesday evening at the Methodist Church Fellowship Hall, with members, husbands, and friends in attendance.

The invocation was given by Father F. Polit, pastor of the Holy Nativity Episcopal Church of

Pahokee. Following the buffet-style banquet special guests were announced.

Among the visitors were Mr. and Mrs. Noma Norman. Mr. Norman is City Councilman in charge of Parks and has asked for the co-operation of the Garden Club in working towards a more beautiful Pahokee. Also present were Dr. and Mrs. Leo Aber, former residents of Canal Point and Mrs. Ruth Meredith, former Superintendent of Parks and Honorary Life Member of the Pahokee Garden Club.

The program for the evening, presented by Mrs. Tim Elliott, Vice President and Program Chairman, assisted by Mrs. Edith Cowan, was a showing of slides on

The Preservation of Tiger Creek. Tiger Creek is an area of 1700 acres of unspoiled beauty near Lake Wales.

The enthusiastic participation in this effort to preserve ecologically and environmentally significant lands has made the Florida Federation of Garden Clubs, Inc. the national leader in the American Land Trust program of conservation.

Clubs and individuals contributing \$260 toward the cost of one acre will have their names inscribed on a permanent exhibit depicting the area. Governor Askew, by Resolution, has urged the cooperation of all agencies and citizens of the State of Florida to work for the preservation of Tiger Creek.

### Agents attend insurance conference

BELLE GLADE - Mr. and Mrs. Milton Carpenter and Paul Kornya of the Milton Carpenter Insurance Agency attended the Association of Professional Insurance Agents of Florida and the Caribbean Convention recently. It was held in Clearwater on Sept. 15-17.

While there, they were in contact with different representatives of leading property and casualty insurance companies.

Edward Siber, owner of one of the largest insurance consulting firms in the nation, held a seminar on risk management which the Carpenters and Kornya attended for one day.

Another seminar was held by Howard Schaefer, president of the board of governors of Florida J.U.A., which was the old Florida automobile risk plan. He spoke on the problems and remedies of auto insurance.

While at the convention, Kornya and the Carpenters had dinner with the insurance commissioner of Puerto Rico, Rolando Cruz.

Kornya said they really enjoyed the convention and learned a lot of helpful information which they will be glad to pass on to their customers.

Left to right, Mrs. Edith Cowan, assistant President of the Garden Club, and Mrs. Kathryn Powell, President of the Canal Point Garden Club.

Mrs. Dorothy Williams,

## Bailey speaks to Junior Women

BELLE GLADE - Members of the Belle Glade Junior Woman's Club gathered at the home of Mrs. Cindy Baez, Sept. 13 for their regular business meeting.

Guest speaker was County Commissioner Bill Bailey, who gave an informative talk on the "Job" of County Commissioner and the various boards he is required to serve on, as well as the ways in

which he represents the Glades area on the Commission.

Commissioner Bailey revealed plans for a new county park to be located near the vehicle inspection station at Pahokee, on land already owned by the county.

According to Bailey, the park will be paid for by funds from the beach acquisition referendum passed several years ago. In answering informal questions

from members, he reported with regret that county taxes will go up as a result of the new property.

During the regular business portion of the meeting, members discussed plans for the up-coming visual screening tests for students in private schools, scheduled from Sept. 19 through Sept. 29, and voted to begin preparations for a "Flea Market" to be held at the Belle Glade Municipal Civic Center within the next two months.

Junior Woman's Club members present included hostesses Mrs. Nancy Lovell and Mrs. Cindy Baez, Gina Farley, president, Mrs. Suzanne Munter, Mrs. Diana Sizemore, Mrs. Sandy Boots, Mrs. Gloria Sizemore, Mrs. Marsh Oren, Mrs. Sherry Throop and Mrs. Carol Lamb.

## St. Mary's Altar Society to begin fall season

PAHOKEE - St. Mary's Altar Society held their first meeting of the fall season at the home of Edith Modecki. The meeting was opened with a prayer led by Father Frank O'Loughlin. A welcome was extended to one new member, Sara Keen.

Business for the new season was discussed, including members of the Society assisting the Parish in holding a covered-dish dinner for all parishioners and friends. Exact

date and time will be given at a later date. Delicious refreshments were served by the hostess.

Father O'Loughlin closed the meeting with a prayer. The next meeting will be held at the home of Jan Vertommen.

Officers for the fall season were installed Sunday, Sept. 11th at the 11 a.m. Mass with Mary York president, Addie Walker, vice president; Jan Vertommen, secretary and Martha Graydon, treasurer.

## School Lunch Menus

### PAHOKEE SCHOOL MENU Week of Sept. 26-30

#### Elementary schools

MONDAY: Hot ham and cheese on bun-cole slaw, seasoned greens, fruit, milk

TUESDAY: Hamburger on bun, oven fried or parsleyed potatoes, fruit, milk

lettuce, tomato, and pickle, ice cream, milk

# Island sailor makes stop in Pahokee, on to Texas

PAHOKEE—Steve Akin had never been to Pahokee and wasn't planning to stop here two weeks ago either but his sailing route was diverted as he passed through Lake Okeechobee over a 1 1/2 year excursion to the Caribbean Islands.

Akin, who was heading toward Clewiston enroute to his home in Galveston, Texas, glimpsed a boat in the Big Lake which he thought he recognized. However, upon sailing closer he found that it was not the same boat but, nevertheless, a crew waved him over.

The 38 foot Gulfstar was the "Capt'n Jack," owned by Pahokee High School Principal Jack Redding who led Akin into Pahokee Harbor for an overnight dockage.

Traveling alone for all but a few months of his 1 1/2 year journey on a 23 foot Columbia sail boat, Akin was pleased to have some

company.

Sailing the islands was "something I've always wanted to do ever since I was a kid," the 27 year old ex-yacht salesman said.

But this trip wasn't his first sailing expedition. He said three years ago he sailed for six months to Mexico; however that time he was not alone.

His inspiration for the boating life probably came from his circuits throughout the states in his shortlived singing career. For, in being on the road for several years, singing at concerts, Akin was in small towns and large cities, Akin got disenchanted with his hectic life.

"It's a means to an end, but I'd never try to pursue it heavily again," he said for "it's too much work and you lose touch with yourself."

Leading up to the purchase of his live-aboard boat, Akin recalled, "I was playing at a Sheraton hotel in

Aberdin, South Dakota and I woke up one morning, looked outside and thought to myself 'it sure is a pretty day. The only thing missing is the ocean!'

After that he bought his first boat, a 32 foot powerboat on which he lived for over a year. Deciding he wanted to cruise, Akin turned to sailboats, which are much less expensive to operate, and made the trip to Mexico. He later went to Miami where he worked in yacht sales for over a year and from that experience decided what type boat he wanted. After returning to Galveston, he bought his sailboat and a week later was on my way."

About his stop in Lake Okeechobee Akin remarked, "it was such a trip to swim in fresh water," for only in Louisiana and Mississippi did he been in fresh water over the 1 1/2 year span.

And about the Pahokee area, he commented, "I'm impressed. The lake is so big and the air smells so sweet. I'd like to come back when I can spend some more time...The people seem really friendly here...You know I must have played in 10,000 towns the size of Pahokee."

Having traveled through Nassau, British Jamaica, Grand Cayman and Yucatan Channel, among other islands Akin said the prettiest spots were Grand Cayman and Crooked Island, the latter being a deserted island where the nearest inhabitants were two families ten miles away. He found the people of Jamaica the most friendly.

Akin got caught in several storms, one being in March just off the coast of Cuba where, for 12 hours, he and his female companion sat in becalmed waters until 15 foot seas and 45 knot winds built up. That storm lasted

JACK REDDING, left, shows Steven Akin the way out of Pahokee as he readies for a return trip to Texas following a 1 1/2 year journey through the Caribbean Islands.

for 24 hours, he said.

In his sailboat Akin carries six months worth of provisions, has a two burner stove and often washes his clothes in the boat rigging to dry. But "it's easy in the states to pull up to a dock and take them to a laundromat," he noted. He navigates with a sextant and with charts, also having the assistance of a radio direction finder.

Akin is enchanted with the usually peaceful sailing life but is on his way back to Galveston now to visit his mother who is in the hospital. It will take him a month to get there. But, following stay of several months, at which time he will work on his boat, Akin said he plans to sail on to the Pacific so that he can "see it all."

## Duda

Sept. 1.

Four executive vice presidents have been named to head the operations of some of Duda's major divisions. Ferdinand S. Duda, who moved from Belle Glade about two years ago, will oversee Farming Operations; Paul E. Russel will be in charge of Citrus Operations; Joseph A. Duda will head the Cattle Operations and Andrew L. Duda will be in charge of Administration.

Andrew Duda Jr. will continue as chairman of the board of directors; retiring President Ferdinand Duda became vice chairman of the board and John Duda remains on the board and active in the company equipment construction research development program.

Edward Duda and his wife, Sadie, moved to Belle Glade in 1957. He was vice-president in

charge of what is known as the Milk Division farming operations in Belle Glade and Zellwood.

Mrs. Duda said the company won't move for about a year because her two sons, Tommy and Sammy Duda, are still in school. Tommy a senior and Sammy a sophomore at Glades Day School.

"The president's office," Board Chairman Andrew Duda Jr. said, "drawing from the capabilities of these officers, will assure continuity of the philosophy of the importance of people and a striving for excellence that we feel is important to the growth of the company."

President Edward Duda Jr. expressed the attitude of the new management group as "highly respectful of the traditional and innovative methods that have built the company and ready and willing to meet the fluctuations and challenges that agriculture faces in the future."

Cont. from P1

For the people in the county who want to get involved, Frocht said the seven committees which are meeting under the City Center Services (chaired by Belle Glade City Attorney John Baker), Tax and Finance, Government Structure, Inter-Governmental, Public Safety, Planning, Zoning and Building and Human Services.

Frocht said anyone wishing to get involved on any one of the committees should contact him at 387-2610 or write him at P.O. Box 1899, West Palm Beach, 33402.

## PBJC enrollment high

By Alice Zacherl

The fall term at PBJC Glades campus has had the largest enrollment of regular students since its beginning in 1972. The total figure of 381 enrollees is up 10 percent over the last August registration.

In addition to PBJC students taking courses at the Armona, 38 persons are enrolled in PJC classes at Glades Correctional Institution. The largest number of students are from the Belle Glade-Pahokee-South Bay vicinity, but students are attending from towns as far away as Indiantown and Moore Haven.

PJC classes are taught by six full-time instructors and 20 part-time teachers. Forty-eight classes are being offered at the Glades campus; ten at G.C.I.

U. S. Sugar Corporation.

Division of Law Enforcement (LEEP) and the Department of Health Education and Welfare are providing assistance to students in the way of scholarships and grants. Approximately 100 students are receiving BEOG Basic Education Grants for part or all of their studies.

Ms. Cheryl Frazier, Veteran Coordinator at the Glades Registrars Office, reports that 38 veterans are certified and receiving educational allowances for courses through the Veterans Administration.

### INVITATION TO BID

Invitation to bid for the furnishing of two (2) six inch totally submersible, electrically operated Sewage Pumps for Lift Station No. 12 will be received at the City of Belle Glade, Glades County, Florida, at the office of the City Manager, until 11:00 a.m. Thursday, October 6, 1977 at which time all bids will be publicly opened and read. The City Clerk will be available at the office of the City Clerk and available for inspection, and copies thereof may be obtained upon application to the City Clerk. All bids must be accompanied by a certified statement indicating that the bid items meet or exceed the City's specifications.

The bids shall be sealed envelope addressed to the City Manager, City of Belle Glade, 110 S.W. Avenue, Belle Glade, Florida, 33430. Plainly marked "Invitation to Bid for Lift Station No. 12" and "Submersible, Electrically Operated Sewage Pumps for Lift Station No. 12".

The City Commissioners reserves the right to reject any and all bids, to waive informality, and to accept any bid or combination of bids which in its sole and absolute judgment will best serve the public interest.

CITY CLERK

BHG 77-174

Sept. 22, 1977

### ADVERTISEMENT AND NOTICE TO CONTRACTORS

Sealed bids are invited for re-roofing of Avenue "A" from S. Main Street to S.W. 4th Street, adjusting existing valve boxes and other uproot work will be received at the City Manager, City of Belle Glade, 110 S.W. Avenue, Belle Glade, Florida, until 11:00 a.m. Local Time, September 12, 1977. Bids shall then be publicly opened and read aloud. Any bid received after the deadline specified will be returned unopened to the bidder. The bid shall be accompanied by other contract documents may be obtained at the office of the City's Consulting Engineers, Oshkosh & Anderson, Inc., 100 U.S. Highway 10, Oshkosh, Wisconsin, 54901, soon upon receipt of \$10.00 per set. (Non-refundable). Copies of the above described documents may be examined by prospective bidders at the office of the City Clerk or at the Consulting Engineers' office.

An offer will be made out on the blank proposal forms provided, and enclosed in a sealed envelope addressed to the City Manager, City of Belle Glade, 110 S.W. Avenue, Belle Glade, Florida, until 11:00 a.m. Local Time, September 12, 1977. Bids shall be accompanied by a satisfactory bid bond, cashier's check, or a certified check drawn upon State of Florida, or a bank, made payable to the City of Belle Glade in the amount of 5% of the price bid as a guarantee to the City that the successful bidder will complete the contract with the City to perform the contract bid upon. The deposit will be retained by the City as liquidated damages in the event that the successful bidder fails to enter into a contract and furnish performance and payment bonds as required within 10 days after the notice of award of the work to him.

The successful bidder shall furnish and pay a Performance Bond and a Payment Bond each in the amount of 100% of the estimated cost of the work to be performed on the forms provided in Contract Documents. A maintenance bond guaranteeing repair of any damage due to improper work or omission of work, and if one year after acceptance of the work by the City will also be required.

The City of Belle Glade reserves the right to hold the bid open for a period of 30 days from the date of opening. The City further reserves the right to reject any or all bids or to accept the bid and award the Contract in the best interest of the City.

### Discussed at meeting

## Solid waste agreement?

BELLE GLADE - Five months after talks began...and after a marathon two and a half hour workshop discussion Monday night the city commission and the Palm Beach County Solid Waste Authority just may come up with a

contract on the proposed Glades area facility the two bodies can agree on by Oct. 10.

When Authority Executive Director Tim Hunt presented a proposed inter-local agreement to the commission in April, City

Attorney John Baker said there were areas he didn't agree with and would like to make substitutions on.

Towards the last of July, long after South Bay had signed the agreement (which still hasn't been signed by Belle Glade, the county or Pahokee), Baker offered several recommendations in writing and Monday, the recommendations, along with counter-proposals by the Authority staff, were discussed and boiled down to five issues which still have to be resolved.

The point which still have to be ironed out includes the idea as definition of solid waste (does it doesn't it include sludge from the city's sewer and water treatment plants), a formula for a city buying into the project after it's already under way, the formula for how a party can buy out of the agreement some years down the road and a couple of more language changes.

Hun and consulting engineer Richard Ormon are scheduled to get together and work out changes in the agreement's wording along with lines suggested by Baker, get back to Baker and work up proposed wording in time for the Oct. 10 commission meeting.

Commissioner Tom Altman said it would even be helpful, since the question of time is becoming more and more critical, if Baker and Hunt can come up with conflicting proposals so the commissioners would have something from which to choose.

Before the city commission workshop, the BPAC met and adopted Hun's recommendations on the six proposed changes.

One of the items supposed to be worked out between now and Oct. 10, however, had nothing to do with Baker's proposed changes. Altman suggested, and Hunt agreed, that provisions for parties getting involved after the facility is operating should be spelled out in the original agreements.

The proposed amendment was obviously the result of action by the Pahokee City Council following the last BPAC meeting, and the council agreed with a recommendation by Councilman William McKinstry to have the city's consulting engineers sound out the possibility of Pahokee establishing its own landfill rather than joining the regional project.

That move came when members of the BPAC decided not to recommend a condition Pahokee set on the agreement that the other cities would provide a rebate designed to offset the cost of trucking trash to the Belle Glade-located facility.

"That's a good idea," Commissioner Aubrey Farmer said when Altman brought the matter up, because, mark my words, they're (Pahokee) going to come in."

Houses of 800 square feet are now allowed.

**High school open house**

BELLE GLADE - The Glades Central High School family will have its first Open House for the 1977-78 school year, Thursday, Sept. 22, at 7:30 p.m. in the G.C.H.S. gymnasium.

An informative and enjoyable program has been planned. Featured will be Dr. Joseph Carroll, Superintendent of Palm Beach County Schools, the Glades Central High School Chorus, directed by Mrs. Eunice Locke, and the band, directed by Mr. Willie Pyfrom.

Dr. Effie C. Grear, the administrative staff, and the faculty will be available to meet with parents at the close of the program.

Refreshments will be served. The community is invited to attend.

## Project Rescue begins in Belle Glade, Pahokee

BELLE GLADE - Area under-achieving students in the Belle Glade Community may now take full advantage of a new community service program designed to help them improve their prospective outlook on life.

Project Rescue a new community program under the directorship of Mr. Samuel Barber, Jr., a Bethune Cookman College graduate, is presently underway in the Glades community with their office located at the Lake Shore Middle School, 1100 S.W. Avenue E.

Project Rescue is designed to help area students and parents of today become more knowledgeable individuals of tomorrow.

Project Rescue will strive to:

Help students with their school work.

Help students reach their grade level.

Help students go beyond their grade levels.

Help parents teach their children.

Help parents improve their own skills and...

Help young adults learn working skills.

In the Project Rescue Learning Center they will offer reading, math, social studies, music, art, home economics, and recreation. Project Rescue will not seek to replace the school but seek to enhance the learning atmosphere provided by the school.

Personnel assisting Mr. Barber in the Belle Glade office are: Mr. Robert Hart, the reading instructor. Mr. Hart is a graduate of Lane College and is presently working towards his Masters.

Ms. Jeanette Keaton, the math instructor, and a graduate of Bethune Cookman College.

Mr. Terry Hamilton, social worker, and a recent graduate of Texas College in Tyler, Texas.

Teacher aides, Mrs. Beatrice Bailey, Linda Monroe, John Banks and Edward Santos.

Parent aides, Adele Williams, Veronica Foster, Bessie McKenzie,

Sandra West, Doretha Hill and Missoura Philpart. Ms. Massaline Lindsey is the program's clerk-typist.

Presently the program is registering would-be participants from 2 to 10 p.m. Monday through Friday.

Mr. Barber said Project Rescue has formed an advisory committee as well as a steering committee to help monitor and offer assistance to the program. The Glades Reach Out Association, Mr. W.C. Taylor, Sr., president, is presently on such community organization that is providing Project Rescue with

assistance.

"We are asking the community to become involved in this program, this is a community project and we the people will benefit directly from it," said Mr. Barber.

Project Rescue will help those individuals who wish to help themselves, we are especially asking for parent participation," he continued.

Project Rescue also has two openings for certified teachers and volunteers, if you are interested in becoming a part of Project Rescue, contact Mr. Samuel Barber, Jr. at the Lake Shore Middle School.

### Pharmacists attend seminar

The Florida Pharmaceutical Association sponsored a conference last weekend in Riviera Beach for local consultant pharmacists to obtain continuing education credit necessary for their annual re-certification.

Consultant pharmacists attending from Belle Glade were Doug Wooten, Chief Pharmacist of the County Health Department Pharmacy, and Joseph M. Hughes, of Hughes Pharmacy.

Hughes said that the conference faculty offered lectures and educational materials on specific disease states and on the skills needed to provide patient-oriented consultant services.

Consultant pharmacists, explained Hughes, are Florida registered pharmacists who have received additional training and experience in institutional practice and are licensed by the state to take charge of the pharmaceutical services of hospitals, nursing homes and other institutional facilities.

HALFBACK JESSIE MOORE ripped off a long ground gainer on this end sweep in the Raider JV game against the Fort Pierce Central Junior Varsity Cobras Thursday night.

## Glades Day

Continued from Page 1

Mooney lost to Northside last Friday night. Northside, as can be remembered, was defeated by the Gators 14-0 in their season opener.

Mooney also lost to Sarasota Booker the week before, so they will be bringing an unimpressive 0-2 record to Belle Glade.

But Walker said his team was in scoring points during the first half. "We develop our game plan, stay with it, but it takes us until the second half to get going," he said. "We've got to improve on that and work hard on our offense."

Another concern of Walkers' is the combination of injuries and sicknesses the Gators have racked up in two weeks.

Quique Echave is still out of action from injuries suffered against Northside. Steve Richie had to be carried off the field Friday night with a sprained knee and will be out this Friday. John Scruggs is still out. Kenny Buckner isn't 100 percent as yet, and Dick Crockett, Ken Strickland, Howard Ayres, and Mark Foster all have the flu, although they are expected to play this Friday.

Returning to the Gators will be Greg Gilsson and Walker said Elmer Miller and Larry Fowler will replace Richie and Echave. Following Friday night's game,

the Gators have one more remaining at home before hitting the road.

## Raiders

Continued from Page 1

field goal attempt.

The Eagles' first touchdown came with 7:50 left in the second quarter as a nine-play drive from the Gators' 47, ending with a one-yard plunge by Bain.

Atlantic's second touchdown followed a seven-play 49-yard drive, giving the Eagles a 17-0 advantage with 38 seconds left in the half.

There was no other score made until with 2:27 left in the game, Atlantic forced over one more TD and an extra point kick, making the final score 24-0.

## Pahokee

Continued from Page 1

making the ensuing kickoff.

Following a short punt Pahokee took over at the Tiger 40. Osbourne wasted no time in hitting Evans on the second play with a long scoring pass. Osbourne and E. E. E. hooked up again for the two-point conversion and the Devils were out in front 14-7.

CHS came right back starting from its own 22. On the first play from scrimmage Redish hit Miller on a 55-yard pass completion. After catching the pass the senior wide receiver weaved his way through the Pahokee defense breaking several tackles. He was finally brought down at the Devils' 28-yard line. Redish then fired a perfect strike to Fred Dunbar. Miller booted the extra point and the score was tied with 5:49 left to go.

But Pahokee wasn't through. The Blue Devils took the kick to the 25. On the next play Osbourne broke outside and sprinted 75 yards for the winning score.

The Tigers had one more opportunity to come back. Clewiston got as far as its own 42-yard line before Thompson stopped the threat intercepting a Redish pass. Pahokee ran out the clock.

"I'm proud of the way the boys played," Morrell said. "They're doing their best. I think we're getting to the point where we can turn this thing around. I'm pleased with the attitude of the team. They are not a typical 0-2 team."

Morrell credited the Tigers defensive team. "They did a heck of a job," said the coach. "John Benson was outstanding. He played one of the best defensive games I've ever seen."

CHS' offensive performance disappointed Morrell. "The offense wasn't consistent," he said. "Our linemen up front are getting whipped and we're really going to have to work on that."

Clewiston will travel to Melbourne Friday to take on Central Catholic. Central Catholic is 1-0 on the season. Kickoff is 8:00 p.m.

## Glades Central JV's bow to Delray Cobras

BELLE GLADE-The Glades Central Junior Varsity football team travels to Delray Beach to face the Junior Eagles for the second game of the season after bowing to the JV Fort Pierce Cobras in overtime last Thursday.

Fort Pierce drew first blood in the third quarter after blocking a Glades Central punt on the Raider six yard line and went in to score three plays later. The two-point conversion was stopped by the stiff Raider defensive line led by defensive end Wilford Morgan and defensive tackles Arthur Thomas and Mack Lee Davis.

The Glades Central offensive unit, led by Reginald Jernigan at quarterback, got on track in the third quarter also after a Fort Pierce punt went out of bounds on the Cobras' 12 yard line. Two plays later, halfback Greg Bain ran 12 yards up the middle for the

Raider JV's only touchdown of the game. The two-point try was stopped by the Cobra defense.

The entire fourth quarter was a replay of the first half, as defensive backs Willie Jackson, Bobby Bryant, Jessie Hester and linebacker Nathaniel Stinson leading Coach Graham Frost's troops in a defensive battle, stopping the Cobra passing game cold.

The Raiders' last chance for victory came with just 30 seconds to go in the game, when Jernigan connected with flanker Carol Harper on a 35-yard pass play. But it was too late as the clock ran out and the game went into overtime.

On the first series of play in overtime, Glades Central fumbled the ball and Fort Pierce capitalized two plays later to go to a 10-yard and with the game, 12-6.

## Fishing

with Nan

Corbin

BELLE GLADE - The rain and lightning kept most fishermen on the dock during the weekend, however, those who were brave enough to go out reported some action. Plastic worms and live shiners continue to be the best bet for bass.

The recent rains have raised the lake level and some fishermen say the bass are beginning to move out of the canal and back into their favorite spots in the lake.

Six year old Anthony Egues of Miami caught his first bass on Saturday. Anthony out-fished his grandfather with his 5 1/4 pounder taken on a plastic worm.

**Local players excell**

**NORTH NEWTON, KAN.** - Three former Pahokee High School football players are realizing their potential as they start out the new football season playing for Bethel College in Kansas.

Jerrel Howard, 6'2" 235 pound

offensive tackle from Belle Glade was an All Kansas College Athletic Conference (KCAC) honorable mention last year while picking up his third letter playing at Bethel. Now a senior, Howard has tremendous potential, says Coach Jim

Paramore. "He needs to realize how good he can be. He's very quick and strong." Howard played high school football at Pahokee. His parents, Mr. and Mrs. Rupert Howard live in Belle Glade.

Eugene Babb, 5'9" 165 junior at Bethel, has also earned two letters and was an honorable mention player last year in the KCAC. He is an outstanding defensive back, man to man and as a bump and run defender, and should have an outstanding year according to Paramore. Babb is the son of Mr. and Mrs. Keith Babb of Pahokee.

Harold Pringle, 6' 175 pound sophomore wide receiver, has excellent speed and quickness, and is a hard worker, his coach says. "He has defensive back potential also." Pringle, son of Mr. and Mrs. Joe Kelly of Pahokee, is back at Bethel to try for his second letter in football.

The Threshers will hold their first home game this Saturday, Sept. 24, with Kansas Wesleyan of Salina.

**Raiders pick up second cross country win**

BELLE GLADE-The Glades Central cross country team picked up second and third place wins Saturday in the Westerly Group Meet at John Prince Park to win first place for the meet and build a 7-0 season record so far.

Robert O'Neal and Willie Tyler placed second and third and James Davis placed sixth to give the Runnin' Raiders the edge over the other participating schools to come out in first place with a team score of 32 points.

The score was low enough (cross country is scored like golf, with low score winning) to put the Raiders in an advantage position over second place Pahokee, who took 42, Cardinal Newman with 110 and Atlantic, Suncoast and North Shore.

Treated as dual meet scores, Glades Central beat Pahokee, 24-32; Newman, 15-50; Atlantic, 23-37; Suncoast, 15-50 and North Shore, 15-50.

The final outcome of the meet, the first of the year for all members of the Suncoast West Conference, also left Glades Central sitting in the cathird seat with first place in the conference, trailed by Pahokee, Cardinal Newman, Atlantic, Suncoast and North Shore.

Other Glades Central runners who helped build up the overall team score were Allen Colbert in 12th and tenth place, Jerry Seymour in 12th and tenth place, Joe Freeman in 11th, Albert Bostic in 17th.

**Keep the Jungle Out!**

Florida used to be a sprawling, tropical jungle... alive with annoying and destructive pests. Today the jungle may be less obvious, but it's still here! Behind your hedge, in your backyard. Just waiting to get into your home. If you live in our part of Florida, you need the protection of Nozzle Nolen's monthly pest control service. It's the only effective way to keep the jungle out.

Call today for a free inspection.

**JEANNIE AND NORA** will appear in a sacred concert Sunday, Sept. 25 following a churchwide Family Night. The Community United Methodist Church of Belle Glade. The public is cordially invited to attend the concert, which begins at 7:30 p.m.

## Church begins revival

**PAHOKEE** - Lewis A. Miller, who has conducted Bible Conferences in over 75 churches, will preach in special revival services at the First Baptist Church, Pahokee. Dan Hurst will be leading the music. Miller and Hurst serve the First Baptist Church at Tequesta.

Services will be at 7:30 p.m. and a nursery will be provided. Early prayer-coffee services will be held at 6:30 a.m. to provide an opportunity to pray before work and school.

Revival Services will begin Sunday, September 25, and conclude on Friday, Sept. 30. The special services on Saturday will not be held, due to the problem of

time. Pastor Carl E. Storey has been selected to be on the program of the Southern Baptist Renewal Conference, Oct. 17-23, to be held at Toccoa, Georgia. Pastor Storey is a charter member of the National Renewal Associates. He has also been selected to write teachers' and students' Sunday School material for the Sunday School Board of the Southern Baptist Convention next year.

H.O. Crosby has been selected Brotherhood Director, Bud Douglas Sunday School Director, and Julian Branch, Training Program Director for the church.

**Women bid farewell to Mrs. Holman**

**PAHOKEE** - The United Methodist Women of Pahokee First United Methodist Church met for their first fall meeting on Tuesday September 6 in the church parlor.

President, Mrs. Marjorie Hatton presided over the meeting which was opened with prayer by Mrs. Bernice Simonson.

Mrs. Carol Arline presented a program on "Where Our Mission Pledge Dollars Go." It was a very enlightening program. She highlighted the needs of three national missions within the United Methodist Women. They were 1-Vestavia Educational Center in Thomasville Georgia, which is a home for girls in need of supervision. 2 Anchor House in New York City, which is a drug abuse center. 3 The third was Brooks-Howell in Asheville North Carolina, which is a home for retired deaconesses and missionaries.

Mrs. Betty Holman reported progress is being made on the redecoration of the chapel.

Mrs. Bernice Simpson reported that the names of Mrs. Hannah Anderson and Mrs. E. L. Bowe, known to all as Mother Bowe, were to be added to the Memorial Plaque of the United Methodist Women.

It was announced that a district meeting on finance is to be held in Belle Glade on September 15. It was also announced that the West Palm Beach District United Methodist Women will hold a Day-O-Part at the Trinity United Methodist Church at 9625 North Military Trail, Palm Beach Gardens on September 24 and reservations must be made by September 19th.

Delicious refreshments were served by the Simonson Lair Circle, during which Mrs. Marjorie Hatton presented a farewell gift to Mrs. Betty Holman. Mrs. Betty Holman will be moving in the near future to her new home in Winter Haven, Fla. A vote of heart felt thanks was extended to her for all the many good works she has done through the United Methodist Women especially the redecoration of the chapel and for the Childrens Home at Enterprise.

## Obituary

### Gilberto Guzman

**BELLE GLADE** - Graveside funeral services for Gilberto Guzman, 3, were held Monday at Port Mayaca Cemetery with Father Paul Saghevy officiating.

Gilberto came to Belle Glade from Brownsville, Tex., with his family. The Guzmans lived at House Six in Osceola Center. He died in an automobile accident Thursday, Sept. 15.

He is survived by his parents, Jesus and Juana Guzman; two brothers, Juan and Santos Guzman; six sisters, Guadalupe, Isella, Iris, Olgan, Guerimena and Javier Guzman, all of Belle Glade, and one grandparent, Juan Guzman of Belle Glade.

### CARD OF THANKS

With much gratitude, I wish to thank everyone for the many cards, flowers, calls and visits I received during my stay in Highland General Hospital in Sebring. All of your kind actions were genuinely appreciated.

Mrs. Hazel Agner

### CARD OF THANKS

To all my friends and relatives who have been so kind to me during my stay in the hospital and my days of convalescing, may I express a great big "thank you".

Your prayers, cards, visits, telephone calls, flowers, food and other acts of thoughtfulness and kindness are greatly appreciated. May God bless each of you.

Carrie Uwin

For the kind of help YOU need, call 996-1391

## PAINT . . . Protects wood and metal GOD'S WORD . . . Protects the soul

As paint protects wood and metal from decay, rust, and corrosion, so the promises found in God's word protect the soul from the evils of sin, anxiety and despair. Hear God's wonderful promises proclaimed from the pulpit in the church of your choice this Sunday. These promises so heard will accomplish wonderful things in your soul and heart, for God says of His Word, "It shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it." Isaiah 55:11.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of the God, no government or society or way of life will persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.
